**3. A Note About Children.** We do not intentionally gather Personal Data from visitors who are under the age of 13. If a child under 13 submits Personal Data to BurstIQ and we learn that the Personal Data is the information of a child under 13, we will attempt to delete the information as soon as possible. If you believe that we might have any Personal Data from a child under 13, please contact us at [info@burstiq.com](mailto:info@burstiq.com).

**4. A Note to Users Outside of the United States.** If you are a non U.S. user of the Site, by visiting the Site and providing us with data, you acknowledge and agree that your Personal Data may be processed for the purposes identified in the Privacy Policy. In addition, your Personal Data may be processed in the country in which it was collected and in other countries, including the United States, where laws regarding processing of Personal Data may be less stringent than the laws in your country. By providing your data, you consent to such transfer.

**5. Types of Data We Collect.** “**Personal Data**” means data that allows someone to identify or contact you, including, for example, your name, address, telephone number, e-mail address, as well as any other non-public information about you that is associated with or linked to any of the foregoing data. “**Anonymous Data**” means data that is not associated with or linked to your Personal Data; Anonymous Data does not, by itself, permit the identification of individual persons. We collect Personal Data and Anonymous Data, as described below

**(a) Information You Provide to Us.**

- We may collect data from you, including your first and last name, e-mail and mailing addresses, phone number, and Ethereum/Bitcoin address in order for you to use the Services. We may also collect your government-issued identification or other information to verify your identity.
- If you use our Services on your mobile device, we may collect your phone number and the unique device id number.

- Our Site lets you store preferences like how your content is displayed, your location, safe search settings, and favorite widgets. We may associate these choices with your ID, browser or the mobile device, and you can edit these preferences at any time.
- When connecting to our Services via a service provider that uniquely identifies your mobile device, we may receive this identification and use it to offer extended services and/or functionality.
- Certain Services, such as two-factor authentication, may require our collection of your phone number. We may associate that phone number to your mobile device identification information.
- If you provide us feedback or contact us via e-mail, we will collect your name and e-mail address, as well as any other content included in the e-mail, in order to send you a reply.
- When you participate in one of our surveys, we may collect additional information.
- We also collect other types of Personal Data that you provide to us voluntarily, such as your operating system and version, product registration number, and other requested information if you contact us via e-mail regarding support for the Services.
- If you participate in a sweepstakes, contest or giveaway on our Site, we may ask you for your e-mail address and/or phone number (to notify you if you win or not). We may also ask for first and last names, and sometimes post office addresses to verify your identity. In some situations we may need additional information as a part of the entry process, such as a prize selection choice. These sweepstakes and contests are voluntary. We recommend that you read the rules for each sweepstakes and contest that you enter.
- We may also collect Personal Data at other points in our Site that state that Personal Data is being collected.

**(b) Information Collected via Technology.**

- Information Collected by Our Servers. To make our Site and Services more useful to you, our servers (which may be hosted by a third party service provider) collect information from you, including your browser type, operating system, Internet Protocol (“IP”) address (a number that is automatically assigned to your computer when you use the Internet, which may vary from session to session), domain name, and/or a date/time stamp for your visit.
- Log Files. As is true of most websites, we gather certain information automatically and store it in log files. This information includes IP addresses, browser type, Internet service provider (“ISP”), referring/exit pages, operating system, date/time stamp, and clickstream data. We use this information to analyze trends, administer the Site, track users’ movements around the Site, gather demographic information about our user base as a whole, and better tailor our Services to our users’ needs. For example, some of the information may be collected so that when you visit the Site or the Services again, it will recognize you.
- Cookies. Like many online services, we use cookies to collect information. “Cookies” are small pieces of information that a website sends to your computer’s hard drive while you are viewing the website. We may use both session Cookies (which expire once you close your web browser) and persistent Cookies (which stay on your computer until you delete them) to provide you with a more personal and interactive experience on our Site. This type of information is collected to make the

Site more useful to you and to tailor the experience with us to meet your special interests and needs.

- **Pixel Tags.** In addition, we use “**Pixel Tags**” (also referred to as clear Gifs, Web beacons, or Web bugs). Pixel Tags are tiny graphic images with a unique identifier, similar in function to Cookies, that are used to track online movements of Web users. In contrast to Cookies, which are stored on a user’s computer hard drive, Pixel Tags are embedded invisibly in Web pages. Pixel Tags also allow us to send e-mail messages in a format users can read, and they tell us whether e-mails have been opened to ensure that we are sending only messages that are of interest to our users. We may use this information to reduce or eliminate messages sent to a user.
- **How We Respond to Do Not Track Signals.** We do not currently respond to “do not track” signals or other mechanisms that might enable Users to opt out of tracking on our site.
- **Flash LSOs.** When we post videos, third parties may use local shared objects, known as “**Flash Cookies**,” to store your preferences for volume control or to personalize certain video features. Flash Cookies are different from browser Cookies because of the amount and type of data and how the data is stored. Cookie management tools provided by your browser will not remove Flash Cookies. To learn how to manage privacy and storage settings for Flash Cookies, click here: [http://www.macromedia.com/support/documentation/en/flashplayer/help/settings\\_manager07.html](http://www.macromedia.com/support/documentation/en/flashplayer/help/settings_manager07.html).
- **Analytics Services.** In addition to the tracking technologies we place, other companies may set their own cookies or similar tools when you visit our Site. This includes third party analytics services, including but not limited to Google Analytics (“**Analytics Services**”), that we engage to help analyze how users use the Site, as well as third parties that deliver content or offers. We may receive reports based on these parties’ use of these tools on an individual or aggregate basis. We use the information we get from Analytics Services only to improve our Site and Services. The information generated by the Cookies or other technologies about your use of our Site and Services (the “**Analytics Information**”) is transmitted to the Analytics Services. The Analytics Services use Analytics Information to compile reports on user activity. The Analytics Services may also transfer information to third parties where required to do so by law, or where such third parties process Analytics Information on their behalf. Each Analytics Services’ ability to use and share Analytics Information is restricted by such Analytics Services’ Terms of Use and Privacy Policy. By using our Site and Services, you consent to the processing of data about you by Analytics Services in the manner and for the purposes set out above. For a full list of Analytics Services, please contact us at [info@burstiq.com](mailto:info@burstiq.com).

We have no control over, do not review, and cannot

be responsible for, these outside websites or their content. Please be aware that the terms of this Privacy Policy do not apply to these outside websites or content, or to any collection of your Personal Data after you click on links to such outside websites. We encourage you to read the privacy policies of every website you visit. The links to third party websites or locations are for your convenience and do not signify our endorsement of such third parties or their products, content or websites.
